3.i. SPL2015-03 Anglers' Resort Motel Site Plan - Continued

Chairwoman D'Arville gaveled down and stated, "It is now 6:14 p.m. and I close the regular meeting and open the quasi-judicial hearing to discuss the site plan submitted for Anglers' Resort Motel."

All witnesses were sworn in for testimony in this matter by the City Attorney, Virginia Cassady. The Chair called for anyone with ex parte communication. Paul Cowan noted that he visited the site and the visit enhanced his ability to make a decision, and also asked the Chair, by email prior to December 15, if any variance and the Chair replied no. Per Virginia Cassady, these communications should be made part of the record.

REVIEW / INPUT / DISCUSSION

Lonnie Smith provided a recap of the purpose of this hearing. A site plan has been submitted to build a 12-unit motel where the original motel stood. Troy Slattery provided a review of the fire lane safety recommendations made for this project after review of the site plan.

Mr. Cowan noted that much of the items of concern have been addressed, but asks if there's any change to the property, does it have to come into compliance and do we have to issue new variances? Virginia Cassady noted that the non-conforming of the number of parking spaces has been alleviated by the exemption code. Since the hotel

will be rebuilt, does all the site have to be brought up to code? Parking is an ancillary structure. The only non-conformity was the parking which will not change. In addition, the exemption previously mentioned was adopted when the road was expanded, people's property was taken. Also asked is which comprehensive plan is in effect? The current comprehensive plan applies; the new one does not. Mr. Cowan noted that the measurements he requested of the parking lot were moot based on this conversation. Mr. Esch noted the concerns regarding a spillway and drainage area was exempt per SWFWMD letter included in the packet. A dumpster pad will be added, and Mr. Cowan asked that this be put in the recommendation we put forward to Council.

Mr. Cowan, in looking at the site plans, sees a discrepancy in the sizes of the building from old to new. In the porch measurements in particular. He would like to have that clarified.

Mr. Bill Hulbert noted that the original site plan showing the original motel on it, they took the property appraiser's measurements for the footprint itself. However the internal footages of design may have changed, but the actual square footage remained the same. Mr. Esch noted that the original preliminary plan exceeded the square footage by about 13% and that was rejected.

Brief discussion of SWFWMD's reasoning in not requiring changes to include drainage.

Chairwoman D'Arville reviewed the city attorney's memorandum concerning alternative parking arrangements being included in the plans and in any agreement and be in writing as a permanent record. City Attorney Cassady noted that using a residential property as parking, needs a letter from Citrus County. Makes the property commercial use and may become an issue with City County. Tracy Fero asked about where parking is taking place within the City. Bob Jewett noted that they have a plan for parking in city parking lots with use of the shuttle. For years, motel parking for boats/trailers has been using our personal property.

Mr. Esch said that the agreement should be designated in the plan. Discussion about McDonalds parking agreement being perpetual with the property as an example. Tracy Fero noted that this discussion is lengthy because of the liability to the city. Ms. Fero noted that she does not know of any insurance company that will add the City as an additional insured. City Attorney Cassady discussed various issues concerning City's liability and sovereign immunity. Does the Planning Commission want to recommend shared parking, either public or private businesses. Discussion continued concerning ideas for overflow parking arrangements, guests crossing U.S. 41. Shared parking agreements is the preferred method, rather than subjecting public parking spaces to a specific site plan/business.

Discussion of fire lane requirements, and any change for that would not affect the parking requirements either. Troy Slattery discussed past challenges when responding for an emergency. Concern for patrons exiting in an emergency. Sent a memo to note that no changes would be required. Would prefer to create the fire lane along the

retaining, causing a loss of 4 parking spaces. This would protect lives upon exiting in the event of an emergency. We cannot require this, but we do recommend it.

Tracy Fero motioned to recommend to City Council this be approved with the exceptions that a dumpster pad with retaining wall be added, as well as shared parking agreements with one or more businesses in town to accommodate six (6) parking spaces as well as adding a fire lane along U.S. 41 retaining wall. Paul Cowan seconded. The motion passed by unanimous vote, 4-0.

Paul Cowan motioned that, as the Local Planning Agency, after further discussion and examination finds the first motion requirements for approval and the site plan is consistent with the Comprehensive Plan. Tracy Fero seconded. The motion was passed by unanimous vote, 4-0.

The Commission requests that the decisions made today be forwarded to Council by resolution as required by City Code. Further requesting that the City Attorney prepare the resolution for the Chair's signature and inclusion in the Council packet.

Chairwoman D'Arville gavelled down and stated, "It is now 7:25 p.m. and I close the public hearing and open the regular meeting."

#### 4. Items for Discussion

4.i. Future Land Use Element Documents: Members are in agreement that this item will be forwarded for review at its January meeting. Requested an update on where Ken Metcalf is on the Comprehensive Plan amendments. At this time the plan is pending city staff comments. Providing no comments by the deadline, 12/23, he will forward on to DEO. There are some formatting changes to be made such as page numbering. Lonnie Smith noted that he has reviewed the math and all of the math is okay. City Attorney reviewed the anticipated schedule leading up to final approval.

Following up on the blight conditions coming into the City on the Citrus County side, has anyone been contacted? Mr. Esch has reached out to the Public Works Director, but has not heard back. Virginia Cassady reported that Council has appointed Andrew Hand from their firm as the new City Attorney. Mrs. Cassady will second chair when Mr. Hand is not available. General discussion ensued concerning when the City Attorney is required at a Planning Commission meeting, and the City will take the lead in determining when the attorney should attend. Further discussion concerning when Commission reviews site plans, when is McDonald's going to build due to public safety/traffic concerns. Lonnie Smith reported that the building permit is good for six months from date of payment. Must have a completed inspection.

5. Adjournment – The meeting was adjourned at 7:52 p.m.

(For example, where a two-story building is adjacent to a three-story building, and the minimum distance between the buildings is less than seven feet, a maintenance easement shall be required as stated in (a) above. The same procedure applies where three or more buildings are clustered. For each story above two in each building, two feet are added to the minimum distance allowed between the buildings without evidence of a maintenance easement.)
  - (d) Development in the central business district may be built up to a proposed right-of-way line of an abutting roadway. There are no building setbacks from an abutting right-of-way in the central business district. ---

MEETING DATE: January 19, 2016

---

REQUEST:

Proposal: Request for recommendation from the Planning Commission that proposed Chicken Ordinance 2015-11 is consistent with the Town's Comprehensive Plan

AUTHORITY & THE PROCESS:

**Sec. 94-37. - Powers and duties.**

The function, powers, and duties of the city's planning commission shall be as follows:

- (1) The commission will keep a record of all of its findings with regard to quasi-judicial hearings. All decisions will be made by resolution. A binder will be available with numbered resolutions by year and the city will use its best efforts to also have these records available on the city's web page and by internet access.
- (2) Acquire and maintain such information and materials as are necessary to an understanding of past trends, present conditions, and forces at work to cause changes in these conditions. Such information and material may include maps and photographs of manmade and natural physical features of the area concerned, statistics on past trends and present conditions with respect to population, property values, economic base, and land use, and such other information as is important or likely to be important in determining the amount, direction, and kind of development to be expected in the area and its various parts.
- (3) **The commission may review, revise and discuss the city's comprehensive plan for the purposes of making recommendations to the city council with regard to consistency with the current comprehensive plan concerning any land/zoning change or request and with regards to possible future changes.**
- (4) Establish principles and policies for guiding action in the development of the area.
- (5) Conduct such public hearings as may be required to gather information necessary for the drafting, establishment, and maintenance of the comprehensive plan, and such additional public hearings as are specified under the provisions of F.S. § 163.2511 et seq.

- (6) Make, or cause to be made, any necessary special studies on the location, condition, and adequacy of specific facilities in the area. These may include, but are not limited to, studies on housing, commercial and industrial conditions and facilities, public and private utilities, traffic, transportation, and parking.
- (7) Perform any other duties which may be lawfully assigned to the planning commission by the city council.
- (8) Perform any and all functions, powers and duties as enumerated in F.S. § 163.2511 et seq.
- (9) Appeals. To hear and make recommendations to the City Council on appeals when it is alleged that there is error in any order, requirement, decision, or determination made by an administrative official in the enforcement of any zoning ordinance or regulation adopted pursuant to law.

### **Sec. 94-37.5. - Overview of the planning commission.**

The City of Dunnellon's planning commission merges the powers and duties of traditional planning boards with additional duties and responsibilities previously handled by the city's now defunct board of adjustment. **The planning commission has an administrative review function whereby the commission reviews all changes to the city's comprehensive plan, by amendment, evaluation, addition, and appraisal for consistency with the existing comprehensive plan and reviews all land related/zoning ordinances to determine consistency to the comprehensive plan.** With regard to its administrative review function, the commission makes recommendations of consistency to the city council. The planning commission holds quasi-judicial hearings with regards to land planning/zoning cases, site plan reviews, variances, special exceptions, and review/appeal of administrative orders and forwards its findings/recommendations to the city council.

### BACKGROUND INFORMATION

The residents of the city of Dunnellon have expressed interest in allowing chicken-keeping in certain residential zones within city limits. The city council has asked the Planning Commission to weigh in on the proposed ordinance and to determine if the proposed ordinance is consistent with the comprehensive plan.

### REVIEW OF APPLICATION:

### DUNNELLON COMPREHENSIVE PLAN

#### **FLUE**

#### **Policy 1.1:**

The low-density residential land use category allows single-family dwelling units **and customary residential accessory uses**. The maximum density is 2.5 dwelling units per acre. The

maximum impervious surface is forty-five (45) percent. Buildings shall not exceed forty (40) feet in height.

**Policy 1.2:**

The medium density residential land use category allows single-family dwelling units **and customary residential accessory uses**. The maximum density is 5.0 dwelling units per acre. The maximum impervious surface is fifty (50) percent. Buildings shall not exceed forty (40) feet in height.

**CONSERVATION ELEMENT**

**Policy 9.1:**

In order to minimize the contribution of nitrates to groundwater with its resultant effects on increased growth of vegetation in the spring and river and loss of water clarity, and to foster long-term stewardship of springs, the City shall adopt special design standards and best management practices (BMPs) as appropriate to City needs and characteristics for all development located within the City of Dunnellon.

**9.1.1: All development shall comply with the following setback standards:**

1. **The minimum setbacks set forth in this Policy and in Policy 2.1.B for lots of record recorded on or before October 27, 2008, shall be 25 feet or other setback set forth in any deed restriction or on any plat;** provided, however, that the setback shall prevent erosion, trap the sediment in runoff, and filter out nutrients.

**LAND DEVELOPMENT CODE**

**ARTICLE VIII. - INTENT AND PURPOSE OF ZONING DISTRICTS**

**Section 8.1. - One-family dwelling (R-1).**

This is a single-family residential district. The R-1 zoning district shall be the only zoning district permitted in the low density residential land use category of the future land use map. Densities in this category shall not exceed one dwelling unit or less per gross acre.

Certain structures and uses required to serve governmental, educational, religious, noncommercial, recreational, and other immediate needs of such areas are permitted outright or are permissible as special exceptions subject to restrictions and requirements intended to preserve and protect their single-family residential character.

(Ord. No. 92-06, 12-14-1992)

**Section 8.2. - Single-family residential (R-1A).**

This district is a more intense zoning district than the R-1 district. Other than a distinction as to lot area, width and density, the nature of the use of property is the same as in the R-1 zoning

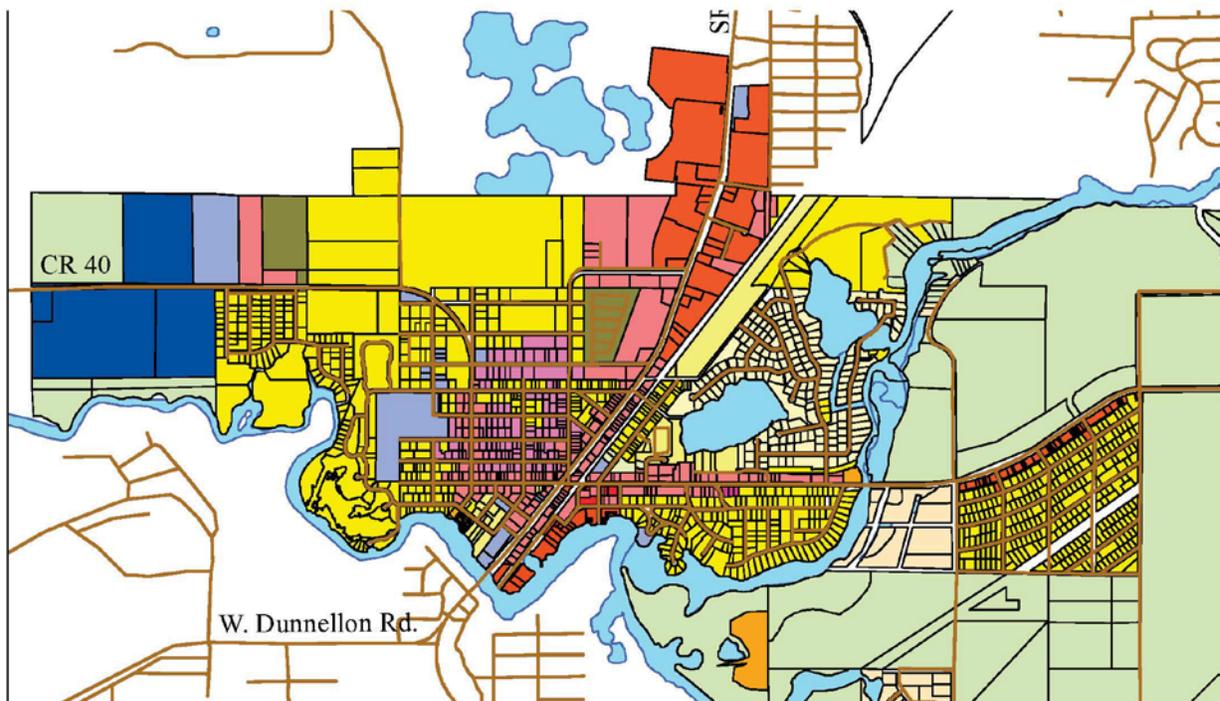

district. The R-1A district is permitted only in the low density residential land use category. Densities in this district shall not exceed 2.5 dwelling units per gross acre. The maximum allowable density is consistent with the allowable density in the medium density land use category in that it is set at less than five dwelling units per acre. Houses of worship are permitted by special exception subject to restrictions and requirements intended to preserve and protect the district.

**Section 8.5. - Residential medium density (R-3A).**

This district is intended to be a single-family residential area with medium population densities. The R-3A zoning district is permitted in the residential office and the medium density land use categories. Densities shall not exceed 5.0 dwelling units per gross acre. Houses of worship are permitted by special exception subject to restrictions and requirements intended to preserve and protect the district.

Zoning Districts Map

## FINDINGS OF FACT:

### Criteria

- A. Whether it is consistent with all adopted elements of the comprehensive plan and recommend the same to city council as the planning commission.

**Response: In review of the complete 2015 Comprehensive plan, staff finds no conflict with FLUE policies 1.1 and 1.2, however, in Conservation Element Policy 9.1.1.1 there may be a conflict with the required building setbacks of 25 feet as stipulated in the policy. Line 164-166 of ORD2015-11 allows a minimum 8 feet side and rear setbacks which may be in conflict.**

- B. Suggestion – The addition of the R-3A zoning district to the approved zoning district list is recommended due to the fact that a large part of the city’s residential zoning districts are currently R-3A (as shown in “dark yellow” on the zoning map on the prior page). Vogt Springs, Rainbow River acres, Minnestrista, and Dunnellon Heights areas in particular.

## RECOMMENDATION:

Based on the findings of fact above, Staff recommends to the Local Planning commission that they find the application in compliance, with the exception that Policy 9.1.1.1 is reviewed by legal for clarification. Staff also recommends that zoning district R-3A be included in the list of permitted chicken-keeping zoning districts.

35       **WHEREAS**, to ensure the long-term viability of residential neighborhoods and conformity  
36 and compatibility with surrounding uses, the amendment provides that the accommodation of  
37 chickens in residential areas shall not cause undue noise, odor, and unsanitary conditions within  
38 the community; and

39       **WHEREAS**, Section 553, Florida Statutes, entitled "Building Construction Standards,"  
40 provides authorization for local governments to establish a schedule of reasonable fees to carry  
41 out the local government's responsibility in enforcing the Florida Building Code.

42       **LEGISLATIVE UNDERSCORING:** Underlined words constitute additions to the City of  
43 Dunnellon City Code and Zoning Code, ~~striketrough~~ constitutes deletions from the original, and  
44 asterisks (\*\*\*) indicate an omission from the existing text which is intended to remain  
45 unchanged.

46  
47       **NOW THEREFORE, BE IT ENACTED** by the City Council of the City of Dunnellon,

147 be permitted at residential property with a townhome, duplex, condominium, apartment, or

185 material.

187 petitions. The affidavit shall state that the chicken coop and pen will be designed,  
188 constructed and operated to the standards outlined in the City's Code of  
189 Ordinances. The affidavit shall also state that the drawings submitted as part of the  
190 petition are a reasonably accurate representation of the subject site features and  
191 adjacent properties.
- 192 (2) A maximum of six (6) chickens may be kept on a lot or parcel with a detached single-  
193 family residence.
- 194 (3) Chickens shall be housed at all times within a covered coop or fenced pen area, except

199 dusk to dawn).

228  
229 The following table identifies what uses are permitted without special exception, permitted  
230 with conditions, and permitted by special exception in the various zoning districts. The uses are  
231 listed on the vertical axis and the zoning districts are listed on the horizontal axis. If a specific  
232 use is not listed on the table below, the use shall be considered a prohibited use unless and until  
233 an applicant applies for and receives a similar and compatible use permit consistent with this  
234 Code; provided, however, if a use, device, business, or activity is prohibited by these land  
235 development regulations, the Code of Ordinances, or Florida law, an owner may not seek a  
236 similar and compatible use permit. Empty cells signify a prohibited use. Cells containing an "X"  
237 signify a permitted use. Cells containing an "SE" signify a use permitted by special exception.

238 Cells containing an "X", a number and a letter (e.g., "X3") signify a permitted use with  
 239 conditions; the conditions are outlined in the legend. Cells containing an "X" or "SE" and a  
 240 number (e.g., "X4" or "SE4") signify a permitted use or special exception with conditions; the  
 241 number is associated with a section number (e.g., section \_\_\_\_\_) in the legend, and the  
 242 section number refers to a location in this chapter (appendix) that contains the conditions  
 243 associated with the permitted use or special exception.

244 Permitted use: Defined as a use allowed without exception within a particular zoning  
 245 district.

246 Special exception: A special exception may be granted by the council provided the required
