STAFF EVALUATION AND FINDINGS

1. REQUEST:

- The Applicant is seeking approval of a site plan pursuant to Land Development Regulations, Appendix “A”, Zoning, Section 9.2(15) and (16) and Sections 9.3-1 for a Restaurant on the subject property.

2. REVIEW REQUIREMENT:

Appendix A – Zoning, Section 9.2

15. Site development plan approval.

B. *Contents.* The site development plan required to be submitted under subsection A above and the requirements of these zoning regulations shall include the following elements, where applicable:

- (1) Statement of ownership and control of the proposed development.
- (2) Statement describing in detail the character and intended use of the development.
- (3) A dimensioned site plan based on exact survey of the property drawn to scale of sufficient size to show (a) exact location of all buildings and structures, (b) all means of ingress and egress, (c) all screens and buffers, (d) off-street parking and loading areas, (3) refuse collection areas, (f) access to utilities hook-up, and (g) natural features such as streams, lakes, or other topographic features.
- (4) Storm drainage and sanitary sewage plans.
- (5) Architectural definitions for buildings in the development; exact number of dwelling units, sizes and types, together with typical floor plans of each type.
- (6) Plans for recreation facilities, if any, including buildings for such use.
- (7) A determination of radon emissions level.
- (8) Such additional data, maps, plans or statements as may be required for the particular use or activity involved.
- (9) Such additional data as the applicant may believe is pertinent to the site development plan. Items (3), (4), and (5) above shall be prepared by a registered surveyor, engineer, or architect or practicing land planner as may be appropriate to the particular item.

16. *Duties of planning commission in site development plan approval.* Certain uses permitted in zoning districts, as shown on the schedule of district regulations, require approval by the planning commission of a site development plan prior to the issuance of building permits by the building official. In reaching decision as to whether or not the site development plan as submitted should be approved with a directive to the building official to issue building permits, the planning commission shall follow the procedure set out in subsection 14 [15] of this section and shall be guided in its decision by the following standards and shall show in its record that each was considered where applicable:

- A. Ingress and egress to the property and proposed structures thereon, with particular reference to automotive and pedestrian safety, traffic flow and control, provision of services and servicing for utilities, and access in case of fire or catastrophe.
- B. Manner of drainage on the property, with particular reference to the effect of provisions for drainage on adjacent properties and the consequences of such drainage on overall city capacities.
- C. Conditions on ownership, control and use generally, and conditions on ownership, control, use, and maintenance of open space or common lands to insure preservation of such lands for their intended purposes.
- D. Utilities, with reference to hook-in locations and availability and capacity for the use projects.

- E. Off-street parking and loading areas, with attention to automotive and pedestrian safety, traffic flow and control, access in case of fire and catastrophe, and screening and landscaping.
- F. Recreation and open spaces, with attention to the location, size, and development of the areas as to adequacy, effect on privacy of adjacent and nearby community-wide open spaces and recreation facilities.
- G. Density and/or purpose of the development, with attention to its relationship to adjacent and nearby properties.
- H. General site arrangement, amenities, and convenience, with particular reference to insuring that appearance and general layout of the proposed development will be compatible and harmonious with properties in the general area and will not be so at variance with other development in the area as to cause a substantial depreciation of such property values.
- I. Loss of pervious surfaces with attention to the lowering of recharge capabilities and increasing runoff.
- J. Such other standards as may be imposed by these zoning regulations for the particular use of activity involved.
- K. Consistency with neighborhood and historical character.

3. BACKGROUND:

In 1993 the subject property was originally used for a Checkers restaurant. In 2002 a car wash was built on the adjacent property 33639-006-01. The two parcels have been purchased and a new Wendy's restaurant is being proposed for the combined site. The applicant submitted a conceptual site plan for an initial feasibility determination. A pre-application meeting was conducted and it was determined that a landscape buffer depth variance would be required. Planning council and City council both approved a workable landscape buffer dimension.

The applicant has now submitted a site plan for review and approval for a 2,247 S.F. Restaurant on the subject property.

4. COMPREHENSIVE PLAN:

FUTURE LAND USE ELEMENT GOALS, OBJECTIVES, AND POLICIES

Policy 1.4:

The **Commercial** land use category includes retail, entertainment, eating establishments, offices, medical facilities, personal services, trade services, wholesale and discount establishments, storage facilities, lodging establishments, recreational vehicle parks, fueling facilities, rental establishments, religious facilities, and facilities for repair and maintenance of vehicles and equipment. The maximum impervious surface is 65 percent and the maximum building height is forty (40) feet.

The subject property is located in the land use designation of Commercial.

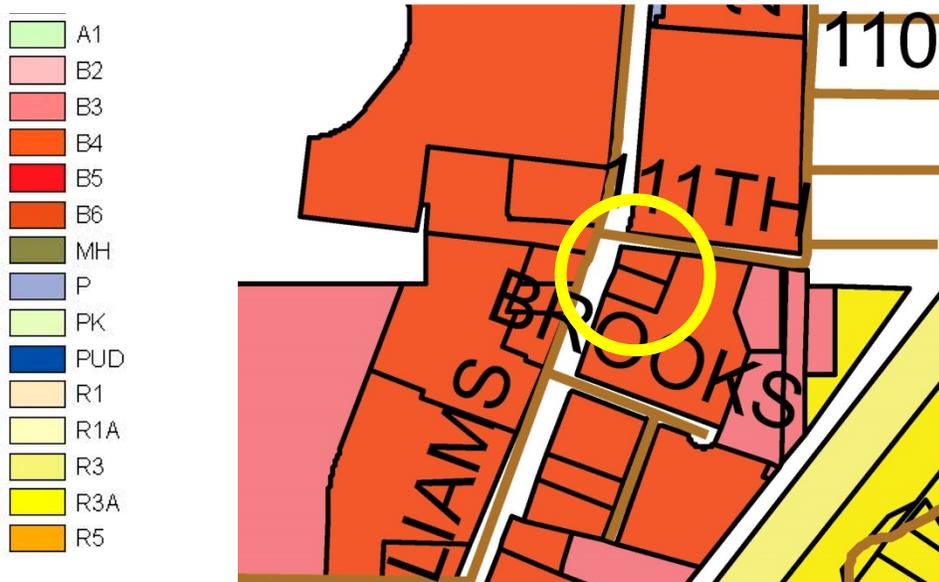

Site Area is 34,274 S.F. Impervious area is 20,871 S.F. = **ISR 60.9%**
Proposed Building height - **24 feet**

The Zoning classification is B-4 and is one of the permitted classifications in this land use category. The nature and type of building development is not considered inconsistent with the comp plan.

5. REVIEW OF APPLICATION:

Relevant Sections of the Code

Article V Section 5.3(18) - Amount of off-street parking.

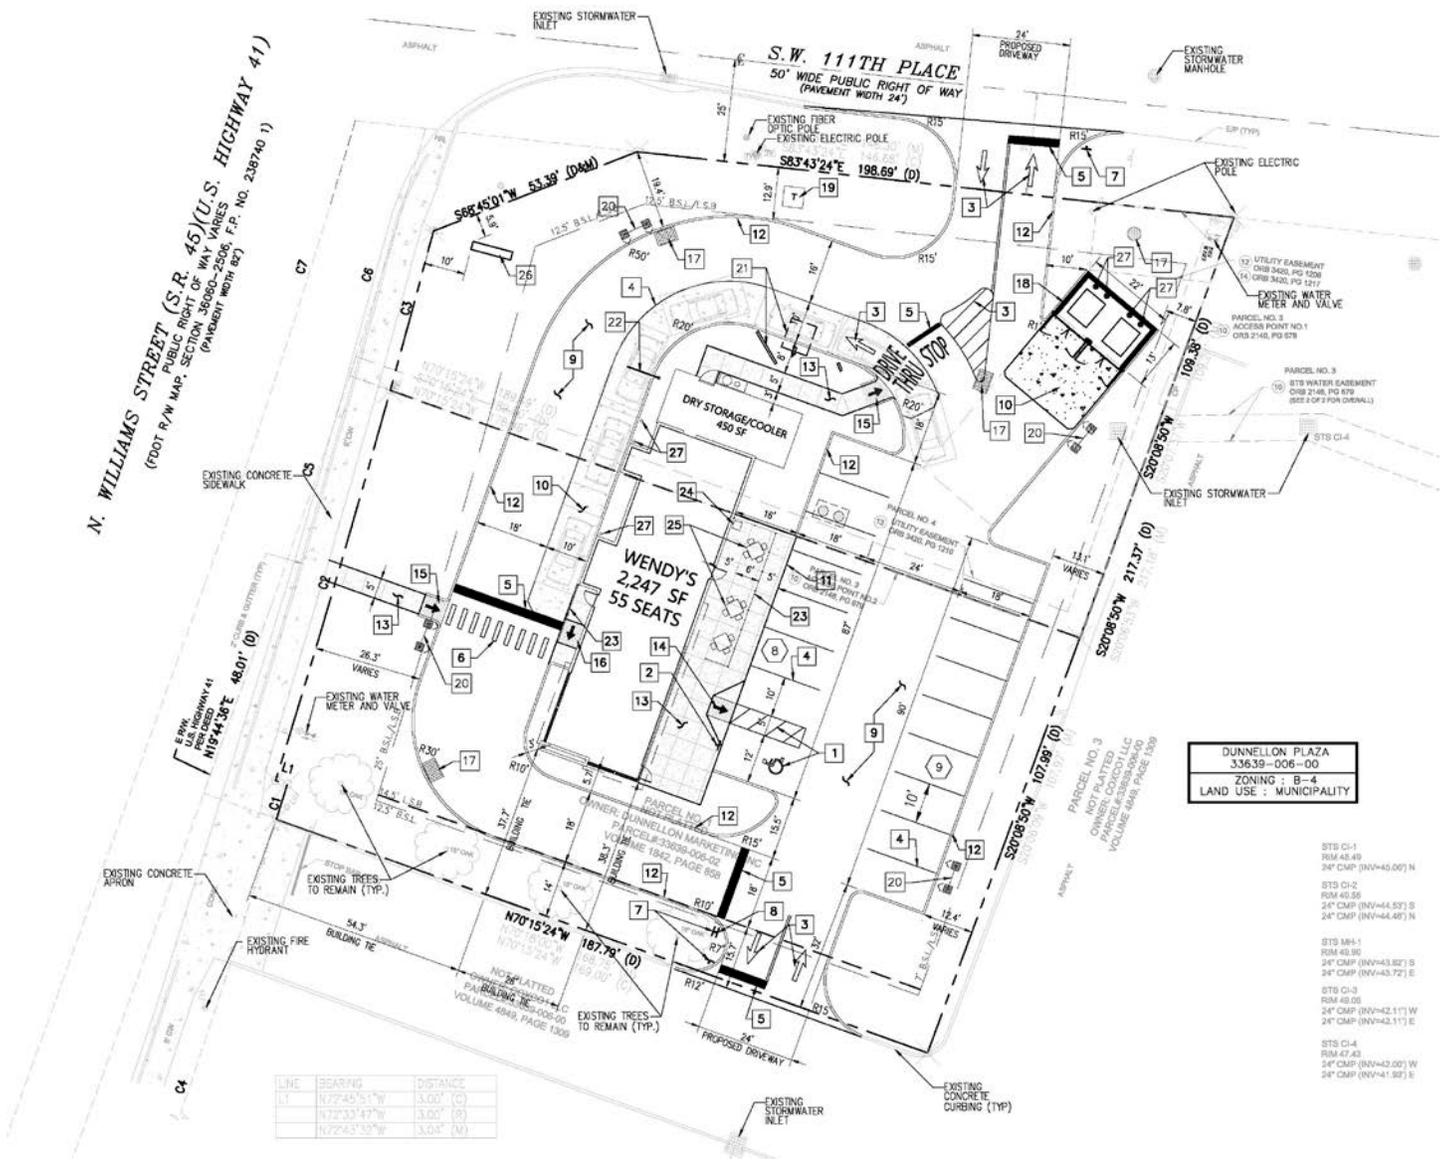

The off-street parking required by this article shall be provided and maintained on the basis of the following minimum requirements:

18. Restaurants, bars, beer gardens, clubs, nightclubs: One parking space for each **four seats** in the rooms for customer service.

Building seating capacity 55 (indoors) + 12 (outdoors) = 67 seats divided by 4 = 16.75 required
17 spaces have been provided

The Applicant meets the off-street parking requirements as set forth above.

Lonnie,

I have done an initial review of the staff report. I see that Comp Plan consistency is addressed and off-street parking is addressed. However, the staff report does not address the criteria in Section 9.2 A through K. The Staff Report needs to reflect whether or not the requirements of the Code are met in the application of each of these criteria.
