-  HISTORIC DISTRICT

Areas shown as conservation on this map that are determined to be nonjurisdictional uplands by the Southwest Florida Water Management District, U.S. Army Corps of Engineers, and Florida Department of Environmental Regulation shall be allowed to develop according with the adjacent land use designation, so long as policies concerning buffers are complied with.

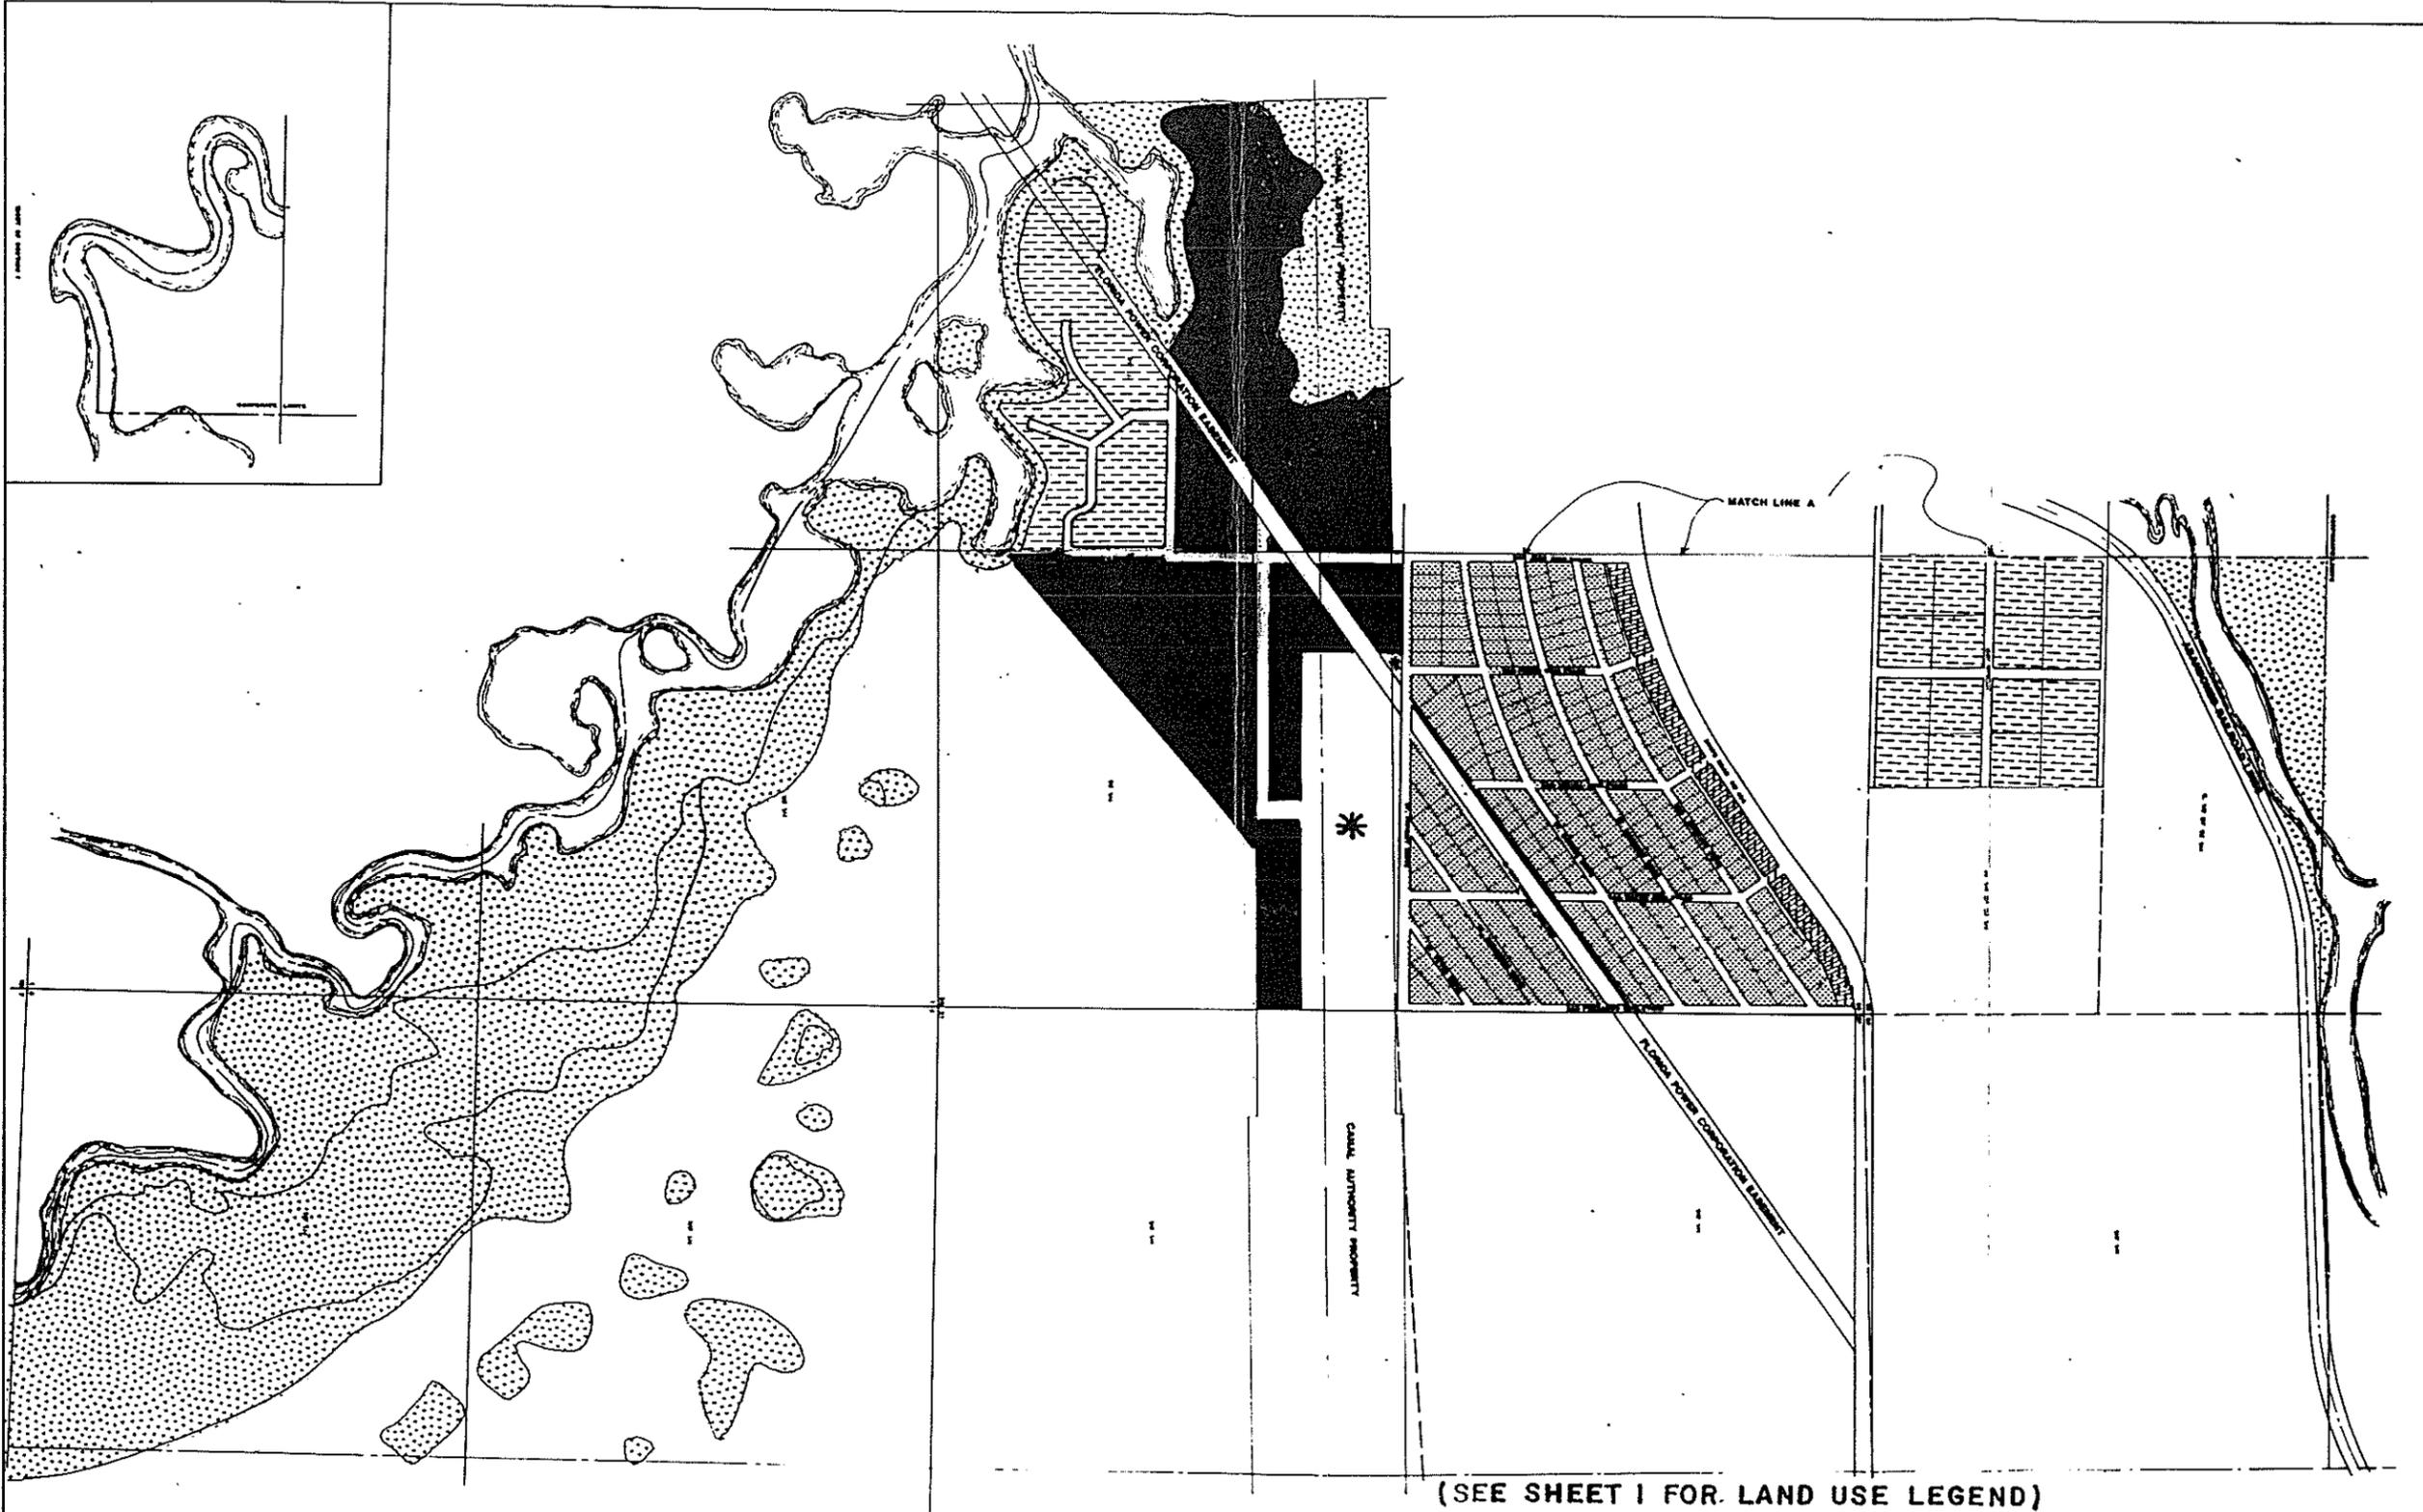

**The exact boundaries of the conservation area for a specific parcel shall be defined as those areas which are jurisdictional wetlands according to SWFWMD, DER and/or the USACOE.
