

The Ocala/Marion County TPO has recently published their latest study on daily traffic counts at many points around Marion County and various municipalities in the county. Below are counts on several arterial and connector roads in the City of Dunnellon. Table I shows counts at seven points in the city over a five year period. Map I is a graphical view of where these measuring points are located. Note the latest traffic count data on Pennsylvania Avenue (CR 484) is 7500 trips a day. This data may be useful when studying design choices for cross walks and left turn lanes to be designed into the new bike trail. It is curious that the number of trips has declined over the last 5 years.

**Table I**  
**City of Dunnellon**

ROAD SEGMENT/MAP#	LOCATION	SOURCE	COUNT TYPE	2011	2012	2013	2014	2015	5-YEAR ANNUAL GROWTH RATE
<b>US 41</b>									
I-1	1.027 mi N of CR 484	FDOT	3	18,900	18,300	17,900	18,100	19,100	0.32%
I-2	.549 mi N of CR 484	FDOT	3	25,000	23,000	23,000	23,000	24,000	-0.91%
I-3	.01 mi N of Citrus Co Line	FDOT	3	19,800	18,100	18,800	18,700	19,600	-0.11%
<b>CR 40</b>									
I-4	W of US 41	MC	2	3,300	3,700	3,100	3,200	2,900	-2.56%
<b>CR 484</b>									
I-5	E of US 41	MC	2	12,900	9,000	8,500	8,300	7,500	-11.94%
