Tree Permits: Commercial and Residential Application Checklist:

- a) Completed and signed application
- b) Tree Sketch – Use an existing property survey to show:
 - i) Location, species and diameter of the trees to be removed
 - ii) Location, species and size of replacement trees.

If no survey available, please use Site Plan Sketch form included. Show property boundaries, adjacent roads, location of house and driveway.

I understand that this application for tree removal must be reviewed and approved **prior** to any removal taking place. I also understand that replacement trees, if required to meet the City of Dunnellon’s minimum 16 trees per acre requirement, must be completed within 60 days of issuance of the permit.

NOTE: Failure to secure a permit may result in fines in accordance with City Tree Code

By my signature I certify that I have read and understand the application and requirements for tree removal. If completed and signed by Contractor, a signed, notarized letter of authorization from the owner is included.
