

2040 LRTP DEVELOPMENT

The Ocala/Marion County Transportation Planning Organization (TPO) is currently developing the 2040 Long Range Transportation Plan (LRTP), slated for adoption later this year. This planning document will serve as the master planning tool for all transportation improvements within Marion County over the next 25 years.

TPO Staff cordially invite the citizens of the City of Dunnellon, and the surrounding areas, to participate in the 2040 LRTP public involvement process as we are attempting to involve as many citizens as possible in the development of this plan. You have the opportunity to assist in the development of transportation planning policy over the period of the next twenty five years and TPO staff want to know how you think we should progress in that time period.

Topics to be discussed will include:

- 2040 LRTP Plan Process;
- Proposed & Currently Funded Projects (Area Specific & Countywide);
- New Roadway Construction Recommendations;
- Sidewalks, Bicycle Paths & Multi-Use Trails;
- Transit Services (SUNTRAN & Marion Transit);
- Potential Economic Benefits of New Projects.

**WHERE: DUNNELLON CITY HALL
20750 RIVER DRIVE**

WHEN: THURSDAY JUNE 11, 2015 6:00 PM

PLEASE CONTACT KENNETH ODOM FOR ANY SPECIAL ACCOMMODATIONS THAT YOU MAY REQUIRE WHILE ATTENDING THIS MEETING OR IF YOU HAVE ANY QUESTIONS. 352-629-8297 OR KODOM@OCALAFL.ORG
